

Just Jump! Services

The Personal Touch Coaching support

The Personal Touch is a great way to combine what you will learn from reading the book, Just Jump, with some personal coaching.

Use the coaching when YOU need it. One hour of individual coaching, to be used at any time you wish.

Buy it now, read the book, then use your coaching!

Sometimes people can do MOST of it themselves, but just need a little Personal Touch to answer the questions the book brings up. The personal touch helps you determine how to apply what you read to your own business.

If you are interested in a little bit of coaching to go along with the book, this is the program for you!

When the book just isn't enough.

Total cost - \$290 (plus shipping for the book, and tax for Arizona residents)
